

# The Stem Cell and Regenerative Medicine Center Graduate Fellowships

## I. General Information

The SCRMC Graduate Fellowship Program is a new interdisciplinary pre-doctoral program which aims to support the training of UW graduate students in interdisciplinary stem cell and regenerative medicine research. The program is funded by the UW SCRMC.

All applications should be sent or delivered to Sue Gilbert. (Electronic submission encouraged.)

## II. Application Checklist

- Complete the application form (following pages).
- A letter of recommendation from the graduate student's mentor (may be submitted directly by the mentor to Sue Gilbert – see below).
- A statement of training, prepared by the mentor, describing the interdisciplinary nature of the student's thesis research, and detailing a plan for achieving interdisciplinary training. Examples of interdisciplinary training mechanisms include, but are not limited to: i) co-mentorship by investigators in distinct scientific disciplines; ii) enrollment in courses in multiple disciplines; iii) planned "student sabbaticals" that allow for dedicated training time in a discipline outside of the applicant's area of expertise. (1 page)
- A brief research description, prepared by the student, which includes the specific aims of the graduate thesis project and highlights the significance of the work in stem cell biology and/or regenerative medicine. (1-2 pages)
- An updated version of the student's curriculum vitae, including a list of publications and presentations.
- Copies of the applicant's graduate school application materials, including undergraduate transcripts, graduate record examination (GRE) scores, and letters of recommendation.
